

## **EuroChill Finance**

Euro Chill, a leading provider of medical and vaccine equipment solutions in Australia, has partnered with Halidon Hill Finance to offer flexible financing options for long-term leases and equipment finance on their high-quality products. This allows businesses and healthcare facilities to access top-tier medical equipment without the hefty upfront costs.

Finance is offered in partnership with Halidon Hill who are a long-term financial partner for over 2,500 small, medium and large businesses across Australia. They believe in performance and responsibility. They are agile, smart, progressive and challenge clients to help them get the best possible finance outcomes for their needs.

### **What is the finance process?**

Once we (Euro Chill) receive your enquiry, we then pass your details onto the team at Halidon Hill. They will then liaise with the customer to gain all relevant information that is required to prepare a finance application.

This is then submitted and approval could be received within 1-2 business days. If finance is approved, the customer is then required to sign finance documents. This process may be different for each customer.

### **Benefits of finance with Halidon Hill**

- Halidon Hill are brokers with access to every finance option of the Australian market
- They will make the finance process simple and efficient
- Finance can be organised without the need for security over your business or other assets
