

-40°C **Biomedical Freezer**

DW-40L298J/418D/528D

Scope of Application:

Suitable for electronic, chemical and other enterprises such as laboratories, scientific research institutes, blood stations, hospitals, disease prevention and control centers. These products are used to preserve plasma, biological materials, reagents, and other essential materials.

Innovative Design

- Multiple alarms ensure the safety of the stored samples
- Environmentally-friendly
- Superior uniformity
- Adjustable shelves to facilitate and customize storage space
- Energy Saving Hydrocarbon Technology
- Low noise

Qingdao Haier Biomedical Co.,Ltd.

Product Advantages

HC energy-saving

High efficiency HC compressor, low energy consumption

Environmental protection

Hydrocarbon refrigerant, LBA foam polyurethane insulation layer

Superior uniformity

With the optimized system design, the temperature uniformity of the characteristic point is $\pm 3^{\circ}\text{C}$, and the uniformity of the whole temperature zone is controlled within $\pm 5^{\circ}\text{C}$

Adjustable shelves

Built-in evaporator and adjustable shelves provides large available interior space. Users can store items of different sizes as needed

Ergonomic Design

Low noise

Optimized hydrocarbon system and structure noise reduction design, quiet and low noise

Complete configuration

Optional USB interface, disc temperature recorder, RS485, stainless steel shelf, plastic drawer and plastic basket

Multiple alarms

Including high/low temperature alarm, sensor error alarm, power failure alarm, door ajar alarm, high ambient temperature alarm, low battery alarm

Alarm mode: Audible/visual and remote alarm

Microcomputer control

Microcomputer electronic temperature controller, LED digital display, display precision is 0.1°C , the adjustable temperature range is -20°C to -40°C

DW-40L298J

DW-40L418D

DW-40L528D

Product Parts

Control Panel

Microcomputer electronic temperature controller, LED digital display, display precision is 0.1°C

Porthole

Equipped with two standard portholes (inner diameter 25mm) on the left and right sides of the freezer, convenient for users to conduct independent testing

Adjustable Shelves

The adjustable shelves ensure the maximum usage efficiency of the internal space, and users can store items of different sizes as needed

Feet and casters

4 back-and-forth casters and 2 adjustable feet for easy moving and leveling

Safety Lock

Mechanical lock and lock catch, separate key for the two standard mechanical locks and the lock catch allows the users equip the padlock if necessary, convenient for multiple user, independent management and more safe and reliable

USB Interface (Optional)

Enables users to download historical temperature data

Disc Temperature Recorder (Optional)

Record the inner temperature change

DW-40L528D

Temperature Curve

DW-40L298J Typical Performance Characteristics at 25°C ambient

DW-40L418D Typical Performance Characteristics at 25°C ambient

DW-40L528D Typical Performance Characteristics at 25°C ambient
