

ONE-PIECE MOLDED FREEZER RACK

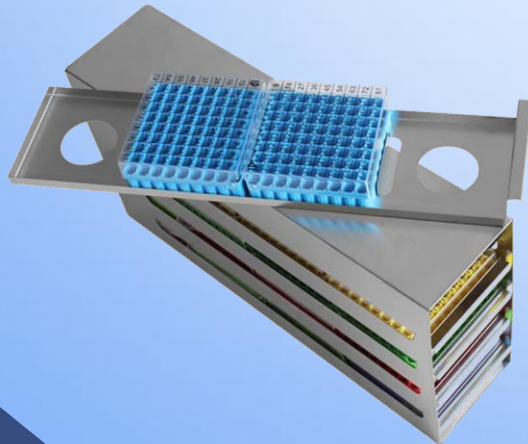

Vacc-Safe

These one-piece freezer racks are molded with a single, continuous piece of 304 stainless-steel plate. No seams and only one weld to make them sturdier and easier to clean

Handles are designed to be less susceptible to freezing with card slots for sample marking

Can be used in temperature ranges between -196°C to 800°C

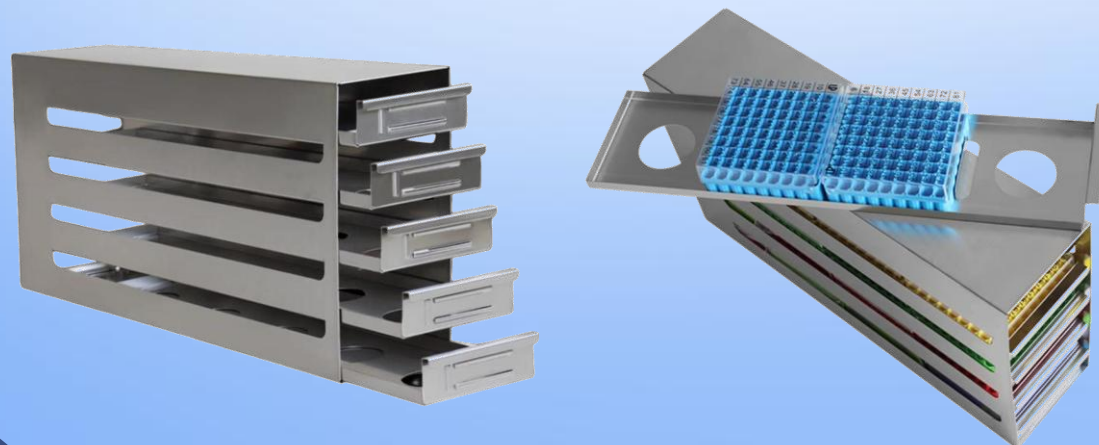

Removable one piece drawers for easy access with molded dividers

Suitable for 133mm x 133mm x 53mm cryogenic sample boxes

Vacc-Safe
